The following resolutions adopted by  
the Committee on Credentials submitted  
and the State Convention adopted  
the following resolutions as the out-  
come of the fight over delegates in  
Muskingum county. In this much the  
"fight" was a good thing.

Resolved, That the committee on  
credentials believe that the custom  
that has prevailed in some counties of  
county central and executive commit-  
tees choosing delegates to the state  
conventions is unwise and not con-  
ducive to harmony; therefore we recom-  
mend that this convention adopt the following:

Resolved, That hereafter neither the  
county central committee nor execu-  
tive committee of any county shall  
have the power to choose delegates to  
state conventions, but that such power  
be reserved to the Republican voters in  
convention, or at primaries duly called.

## River Intelligence.

Rivermen expect a big rise in the  
Ohio and side streams. The snow has  
been general through the upper Ohio  
Valley and in the mountains, and if it  
goes off with a rush the swell will be a  
good sized one, probably to the top of  
the banks.

The Cruiser lost a flat at Hays' bar  
opposite Sewickley, Monday night, by  
striking it on the wreck of a coal boat  
dropped by the J. C. Risher some weeks  
ago. The flat was very much in the  
way, and the Cruiser went down to the  
first good landing and leaving he tow,  
returned and succeeded in pulling the  
flat off, and getting it out of the way.  
The wreck of the coal boat is a serious  
obstruction.—[Pittsburg Post.

The beautiful Keystone State, of the  
Pittsburg Packet Line, will leave Cin-  
cinnati for one of her spring excursions  
next Thursday. The river scenery is  
beginning to be pretty and the  
steamers are kept so inviting that tour-  
ists, and invalids who seek the fresh  
air of the river, and those traveling on  
business or pleasure, have at once as-  
sured them an agreeable and pleasant  
trip.

The Pittsburg Chronicle-Telegraph  
says: "The whistle of the Mark Win-  
nett was formerly on the tow boat  
Lark. It sounds at the present time as  
if it had been 'on a lark' quite often.  
The rise which is coming will likely

float out the gorge above Parker. It  
will not cause any damage. The coal  
operators are making preparation to  
receive the River and Harbor Commit-  
tee on March 19. The committee will  
likely come here via Fairmont, and  
proceed from Morgantown by boat,  
probably on the steamer Adam Jacobs.  
The party from Morgantown will in-  
clude about fifty coal operators and the  
members of the committee from Wash-  
ington."

Captain William M. Wood of Pitts-  
burg, one of the best known and most  
extensive river coal operators in the  
country, ruptured a blood vessel at  
New Orleans Monday and died instan-  
tly. The deceased was 40 years old and  
brother to Captain Burr Wood, John A.,  
Johnathan and James Wood, all of  
Pittsburg, except the first named, who  
is the largest coal operator in the  
south. The deceased was of the firm  
of Wood, Schneidman & Co., and attend-  
ed the levee and tug business at New  
Orleans.

## STRUCK A CUSHER.

A Big Oil Well Brought in at Colerain.  
Local oil circles were a distinct air of  
excitement yesterday and this was  
particularly apparent among those who  
are directly interested in the Colerain  
field.

For a few days back people who keep  
tab on the field have been watching  
the well being put down by T. N.  
Barnsdall and the Natural Gas Com-  
pany of West Virginia, on the L. M.  
Bracken farm, believing that it was  
liable to turn out well, although it was  
well east of the original holes put down  
in this field. Tuesday night the drill  
was on top of the Berea Grit, with good  
indications, and as the sand was pene-  
trated the outlook was better and bet-  
ter. At midnight, Tuesday night, af-  
ter the drill had been put at least half  
through the sand, the well broke loose  
and began throwing oil at a very lively  
manner. Connections with tanks were  
made as soon as possible and at noon  
yesterday the well had tanked 120 bar-  
rels, or at the rate of 250 barrels a day.  
The well was rated as a 300-barrel per  
by the first reports from the field, but this  
is high and the owners think it will  
settle down to something like 100 bar-  
rels as soon as the first rush is over.

This well is far and away the best  
thing yet struck in this field. It is  
about 1,500 feet southeast of the origi-  
nal Colerain well on the road to Martin's  
Ferry and is about four miles west of  
the upper part of Martin's Ferry. It  
opens up a considerable stretch of what  
is now thought to be excellent oil ter-  
ritory and may mark the beginning of  
big things in that part of Belmont. The  
rush for leases set in actively yesterday  
and a number of new holes will likely  
be started in a short time. Some of  
the more enthusiastic people interested  
in this vicinity are talking of a second  
Sistersville field and predict a big  
boom for Martin's Ferry as a result,  
but it may be well to remember that  
one swallow does not make a summer.  
The outlook is good, of course, but the  
wells of the immediate future will have  
to settle the matter definitely.—Wheel-  
ing Register

## Marvelous Results.

From a letter written by Rev. J.  
Gunderman, of Dimondale, Mich., we  
are permitted to make this extract: "I  
have no hesitation in recommending  
Dr. King's New Discovery, as the re-  
sults were almost marvelous in the case  
of my wife. While I was pastor of the  
Baptist Church at Rives Junction she  
was brought down with Pneumonia  
succeeding La Grippe. Terrible parox-  
ysms of coughing would last for hours  
with little interruption and it seemed  
as if she could not survive them. A  
friend recommended Dr. King's New  
Discovery; it was quick in its work  
and highly satisfactory in results."  
Trial bottles free at W. H. Styer's  
Drug Store. Regular size 50c. and \$1.00.

## Scott Town.

There was a large crop of ice har-  
vested in this community, the last  
cold spell from four to six inches in  
thickness.

S. L. McCurdy has rented his half in-  
terest in the flour mill at this place, to  
David Brown.

Rumor says there is an oil well to go  
down on Wingett soon. We hope it is  
true.

Mr. Isaac Carle and family have  
moved up near the Brownville oil field  
on the farm of Luther Trice.

Miss Neva Trios has gone to keep  
house for her uncle, John Carle, near  
Crosskeys, this county.

Professor Dougherty, of this place, is  
preparing for an enjoyable time on the  
last day of school. An entertainment  
will be given in the evening.

Wheat in this vicinity looks bad and  
is not expected to be more than half a  
crop.

Farmers feel very jubilant over the  
price they will get for their wool this  
summer. Sheep have advanced in  
price and very scarce at that, some  
having been sold as high as \$2.90.

Asa Hendershot has rented the Chas.  
Adams farm and will move the latter  
part of this month from near Grays-  
ville, Monroe County. O. D.

## Terrors Booted Out.

Parkersburg, W. Va., March 11.—To-  
day the police of this city found twenty  
four tramps who had taken possession  
of box-cars on the Ohio River Railroad  
track and who were terrorizing women  
and children. They were lined up in  
double file line and marched beyond  
the city limits, with orders not to re-  
turn.

## DELEGATES AT LARGE.

They Will Be Foraker, Bushnell, Hanna  
and Grosvenor—The Convention.  
COLUMBUS, O., March 10.—The fight  
over delegates at large between the  
Foraker and McKinley factions has  
been amicably settled, and the Ohio  
Big Four will be Foraker, Bushnell,  
Hanna and Grosvenor. The dispute  
was as to the last name. Gros-  
venor and Foraker are personal enemies  
and the latter was not favorable to  
the bestowal of the honor. In con-  
sideration of the McKinley faction offer-  
ing no opposition to Charles L.  
Kurtz, Foraker's chief political lieuten-  
ant, for member of the national  
committee, the Foraker faction with-  
draws its opposition to Congressman  
Grosvenor as a delegate at large.

With this contest decided the state  
convention, which convenes Tuesday  
afternoon, becomes a rather uninterest-  
ing affair. But four state offices are to  
be filled this year. They are secretary  
of state, member of the board of pub-  
lic works, state food commissioner and  
judge of the supreme court. Interest  
centers in the first named nomination.  
The two avowed candidates,  
S. W. Doty and Charles Kinney,  
seem to have about equal chances, but  
as both are members of the McKinley  
faction, it is suspected that the Foraker  
faction will spring a new candidate at  
the last minute and capture the nomi-  
nation. Doty and Kinney, however,  
claim that this can not be done. Judge  
P. A. Laubie, the only opponent to  
Judge M. J. Williams for the  
supreme bench has withdrawn.  
The charges against Dr. Mc-  
Neill, the present food commissioner,  
which seem to indicate blackmail in  
his department will probably prevent  
his nomination for a third term. In  
that case either F. A. Derthrick, of  
Portage, or Representative Blackburn,  
of Belmont, will get the nomination.  
For the other office member of the  
state board of public works, there are  
a half dozen candidates, none of whom  
seem to have any special advantage.

## MORE RIOTING.

The Consulate at Bilbao Attacked by a  
Mob.

MADRID, March 10.—At Bilbao the  
manifestations against the United  
States were resumed Monday. A large  
crowd of rioters proceeded to the Amer-  
ican consulate and stoned the gen-  
darmes who were guarding the building.  
Nine of the guards were quite  
severely injured. Reinforcements  
were hurriedly dispatched to the  
consulate and upon their arrival a  
charge was made upon the mob, which  
was quickly dispersed. A score of the  
rioters were wounded by the gendarmes  
and six were arrested.

The Herald says that Hon. Hannis  
Taylor, the American minister, is about  
to send his family away from Madrid.  
Their baggage, the paper adds, was  
taken to the railway station Monday.

## The Bodies Identified.

CHICAGO, March 10.—The bodies of  
the man and infant found in a barrel in  
an alley Sunday night at Forty-eighth  
street and Indiana avenue, in a horri-  
ble mutilated condition, have been  
identified. They were not murdered,  
as was supposed, but the bodies were  
dumped into the alley by a medical col-  
lege to save the expense of burial.

## Tray of Diamonds Stolen.

DENVER, March 10.—A tray of dia-  
monds was stolen from the jewelry es-  
tablishment of P. Gottlesben, on Six-  
teenth street, at five o'clock Monday  
afternoon, and the thief managed to  
make good his escape though he was  
followed for several blocks by the clerk  
who had waited on him.

Which Thyself first Create."

Don't complain if you fail to get your money's worth when you go  
where they sell cheap drugs, because you are welcome to come to our  
Drug Store at any time where you can buy drugs cheap. The oft  
quoted words of Lincoln that "you can fool some people all the time  
and all the people some of the time, but you can't fool all the people  
all the time," is extremely pertinent in this connection. Taking ad-  
vantage of a customer's lack of knowledge of the drug or medicine  
he buys is not conducive to a successful business. We don't do it!  
Its mean! That's why we have been busy while others complain of  
hard times. Don't be misled by flaming advertisements and ridicu-  
lous inducements. We have gained our reputation as the most Re-  
liable Drug House in this city by our honorable methods and by ad-  
hering to them. To be convinced call and see us; courtesy to all alike.
